CH Ecosystem Alliance (CH EA)

Strategy Performance Security Deposit Confirmation and Management Document

Version:

1.0

Effective Date:

01 January 2020

1. Alliance Information

Alliance Name:

CH Ecosystem Alliance (CH EA)

Cooperation Platform:

Credetra

Alliance Category:

Credetra Global Ecosystem Cooperation Partner

Scope of Cooperation:

CH Ecosystem Alliance (CH EA) operates as a strategic ecosystem partner within the Credetra global ecosystem framework and participates in market research, strategy analysis, trading subject research and related ecosystem cooperation activities in accordance with Credetra's Ecosystem Alliance Cooperation Management Rules.

2. Strategy Performance Security Deposit Confirmation

In accordance with Credetra's Ecosystem Alliance Cooperation Management Rules, CH Ecosystem Alliance (CH EA) has completed the required strategy performance security deposit arrangement and has been incorporated into Credetra's ecosystem risk management framework.

The strategy performance security deposit is established to support alliance performance obligations, enhance cooperation credibility, strengthen strategy cooperation risk management and maintain the stability of the Credetra ecosystem framework.

The security deposit represents a cooperation performance arrangement between Credetra and CH Ecosystem Alliance (CH EA). It does not constitute user trading capital, user account assets, or any guarantee of investment returns or trading outcomes.

3. Security Deposit Management Rules

The Alliance shall continuously maintain the required security deposit level during the cooperation period.

Where the security deposit falls below the required level due to strategy performance obligations, risk

management adjustments or other circumstances recognised under Credetra's rules, Credetra may issue a replenishment notice.

The Alliance shall complete replenishment within Three (3) Business Days after receiving the notice.

Failure to complete replenishment may result in suspension of new strategy submissions, restriction of cooperation permissions, suspension of certain ecosystem privileges or review of cooperation arrangements.

4. Alliance Responsibilities

CH Ecosystem Alliance (CH EA) shall comply with Credetra's ecosystem cooperation requirements and continuously improve market research capability, strategy analysis capability, risk management capability and service fulfilment capability.

All strategy research and market analysis shall be based on professional analysis and reasonable judgement, recognising that financial markets involve uncertainty and risks.

5. Credetra Management Framework

Credetra is responsible for ecosystem alliance management, cooperation standards, risk management and operational supervision through alliance review procedures, strategy management procedures, risk control mechanisms and cooperation evaluation mechanisms.

6. Important Statement

This document confirms the strategy performance security deposit arrangement and related management rules between Credetra and CH Ecosystem Alliance (CH EA).

This document does not constitute any investment return guarantee, does not guarantee any trading result, does not eliminate market risks and does not constitute investment advice or recommendation.

All market activities involve risks and outcomes may be affected by market conditions and external factors.
